

PLANTS ALONG TRAILS

LEGEND

Habitat Fd = dry forest Fm = moist forest Fo = open forest/forest edge S = shore
D = disturbed R = rocky outcrop G = grassland/wasteland V = variable

Month = month of flowering

Color Bl = blue Br = brown G = green L = lavender O = orange Pi = pink
Pu = purple R = red V = violet W = white Y = yellow

Bold type = native species

TRAIL ROUTES where listed plants were found.

YH = Young Hill (English Camp). Start at West Valley Rd. trailhead, to grassland at peak.

AC = American Camp. Start at Visitor Center. East on main trail, right on loop trail, south past Grandma's Cove to point, return to east-bound trail along top of bluffs, north up to Redoubt, west to Visitor Center.

MF = Mount Finlayson. Start at parking lot for Jakle's Lagoon. Trail parallels Cattle Point Road, then climbs to peak. Return on same trail OR turn north from peak on trail to Jakle's Lagoon.

JL = Jakle's Lagoon. Start at Jakle's Lagoon parking lot. Follow old logging roads to lagoon. Return on logging roads. OR continue east 0.3 mile to trail on right leading uphill to peak. Return by either MF or JL trail.

LK = Lime Kiln Point. Start at parking lot. SW to observation point, north along shore to lighthouse, join trail to kiln, continue on Land Bank land, uphill on wagon road to top, right around open field, right into forest to parking lot.

Please note:

The habitat(s) listed for a species is(are) where it is most commonly found, but it may occur in other habitats as well.

The time of flowering may vary with elevation, weather, and growing conditions.

Common names for plants may vary in plant guides.

These plant lists are a work in progress. Additions, corrections, and comments are welcome. Contact: Louisa Nishitani, louisian@rockisland.com.
